Journal of Occupational Medicine
Vol. 34, January – December 1992

INDEX TO PAGES

According to monthly issues January – December

Pages	Month	Pages	Month
1–86	January	670–748	July
87–246	February	749–862	August
247–328	March	863–960	September
329–487	April	961–1046	October
488–577	May	1047–1135	November
578–669	June	1136–1231	December

SUBJECT INDEX

A

Absenteeism
  associated medical illness, chemically dependent workers, 16
  cost prediction, hourly manufacturing workers, 428
  during firefighting career, 1018
  ethnographic explanation, machinery assembly plant, 993
Acquired dyschromatopsia, testing procedure (letter), 563
Acrylonitrile, worker mortality, 801
ADA: *see* Americans with Disabilities Act
Aerobic power, measurement, mandatory retirement and, firefighters, 26
Age, cardiorespiratory functioning and, firefighters, 26
Airport employees, aircraft noise effect, 613
Airways, reactivity, atopy and, animal health technicians, 53
Allergy, mushroom spores, clinical features and preventive measures, 1097
Aluminum, plasma concentrations, nonexposed workers, 1013
Aluminum workers, occupational data, death certificate role, 173
American College of Occupational and Environmental Medicine
  Americans with disabilities act, 843
  basic curriculum in occupational medicine, 837
  committee report
    scope of programs and practice, 436
    spirometry in occupational setting, 559
  position statement, residential radon exposure, 1028
  state-of-the-art conference
    general information, 821
    presidential welcome, 820
    schedule of sessions and seminars, 824
  urine drug testing and medical review officer training course, 839
American Occupational Health Conference, 177
  abstracts of scientific presentations, 441
  list of exhibitors, 455
Americans with Disabilities Act
  effect, confidentiality of medical records (OM Forum), 495
  impact, occupational medicine, 510, 501 (editorial)
  Title I provisions, 503
Amphiboles, non-asbestiform, exposure, taconite miners and millers, 1173
Animal handlers, atopy and airways reactivity, 53
Antineoplastic drug, handling, OSHA guidelines, 149
Appliances, portable, electrocutions by, 887
Arm
  musculoskeletal discomfort, express grocery checkers, 815
  pain, directory assistance operators, 113, 1119 (letters)
Asbestos
  latent period for malignant mesothelioma, 718
  -related disease, diagnostic accuracy (letter), 1205
Asthma
  inhalation of hydrogen chloride in young adults with, 923
  occupational, animal health technicians, 53
  occupational disability, assessment of, 120
Ataxia, symptom of *Streptococcus suis* meningitis, rendering plant workers, 1102
Attendance: *see* Absenteeism
Audiogram, air-conduction, limitations of OSHA standards for hearing conservation (editorial), 293
Audioscope, evaluation, industrial setting, 539
Automotive industry
  colon and stomach cancer mortality, wood model makers, 759, 769 (editorial)
  mortality patterns, follow-up study, Germany, 552
  occupational disease surveillance, medical claims role, 731

B

Back injury, prevention, lumbar support belt (OM forum), 679
Back pain
  epidemiology, chemical manufacturing employees, 129
  prevalence, obese individuals (OM Forum), 8
  upper, express grocery checkers, 815
Bell's palsy, workplace cluster of, 1064
Benzene, chronic low-level exposure (letters), 681
Bias, prevention, epidemiologic research, 265
Birth certificate, maternal occupational data, comparison with self-administered questionnaire, 1090
Blood gas, analysis, disability evaluation, coal miner, 410
Blood pressure, systolic, finger measurements, 683
Blue-collar workers, health risk profile, 61
Body mass index, role, carpal tunnel syndrome, 379, 1117 (letters)
Book reviews, 75, 323, 364, 565, 657, 739, 851, 947, 1033, 1125, 1211
Burn, dermal, hydrofluoric acid, treatment efficacy, pig model, 902
Butanol, detection threshold, after chronic cadmium exposure, 600

C

Cadium, chronic exposure, olfactory impairment, 600
Calcium acetate, efficacy, treatment of hydrofluoric acid burns, pig model, 902
Calcium gluconate, efficacy, treatment of hydrofluoric acid burns, pig model, 902
Cancer
  brain, mortality, white-collar workers (letters), 592
  breast
    employer-sponsored mammography, 793
    mammography guidelines, adherence among working women, 1071
  colon, mortality, automotive wood model makers, 759, 769 (editorial)
  long-term survivors, occupational reintegration, 1084

Cancer—continued
lung
mortality, epidemiology, titanium tetrachloride-exposed workers, 164
mortality, formaldehyde-exposed workers, 42
nasopharngeal, occupational risks for, Shanghai, 1004
occupational cluster, investigation by tumor registry and National Death Index, 1008
prostate, work environment role, 402, 1206 (letters)
stomach, mortality, automotive wood model makers, 759, 769 (editorial)
Carbon monoxide, poisoning, propane-fueled forklifts, 12, 870 (letters)
Cardioverter-defibrillator, electromagnetic interference, manufacturing environment (OM Forum), 5
Carpal tunnel syndrome, nerve conduction status, weight and body mass role, 379, 1117 (letters)
Central nervous system, toxicant effects, measurement by Milan Automated Neurobehavioral System, 918
Chelation, Ca^{++}-EDTA, after mild lead intoxication, 638
Chemical dependence, work absenteeism and associated medical illness, 16
Chemical sensitivity, evaluation, 529
Chemical workers
acrylonitrile exposure, potential carcinogenic effects, 801
musculoskeletal symptoms, epidemiological aspects, 129
Chemist, brominated and chlorinated dioxin blood levels, 702
Chest radiography, diagnostic accuracy, asbestos-related disease (letter), 1205
Cholesterol screening, work-site, cost-effectiveness, 642
Cholinesterase, monitoring, organophosphate insecticide-exposed workers, 34
Cholylglycine, role, differentiation of viral hepatitis and chemical liver injury, 930
Chromosomes, smokers and nonsmokers, 1181
Cigarette smoking: *see* Smoking
Coal miner, disability evaluation, arterial blood gas analysis role, 410
Cobalt, cardiopathy related to, mineral assay workers, 620
Cognitive dysfunction, in patient with long-term exposure to ethylene oxide, 1106, 1114 (commentary)
Collagen disease, occupationally induced, 20
Computer-based learning program, evaluation, occupational lung disease, 422
Confined space, injuries and fatalities, Virginia, 910
Cross-sectional studies, selection bias (letters), 593
Cumulative trauma disorder, surveillance, auto industry, 731
Cytogenetics, comparison of smokers and nonsmokers, 1181

D

Deafness, symptom of *Streptococcus suis* meningitis, rendering plant workers, 1102
Death certificate, as source of occupational data, aluminum workers, 173
Dermal myiasis, bird researcher (letter), 872
Dermatitis
epidemiology, farm workers, 304
VDT-associated, psychophysiological study, 698
Dioxin, brominated and chlorinated blood levels, chemist, 702
Disability evaluation, arterial blood gas analysis role, coal miner with simple pneumoconiosis, 410
Disease, parasitic, dermal myiasis in bird researcher (letter), 872
Drinking water, benezene exposure and (letters), 681
Drug screening
preemployment
employment outcome prediction and, 1057
epidemiologic issues, 595
medical review officer training, 1189
Drug testing, for cause, medical evaluation (OM Forum), 757

E

Editorials
Colon and stomach cancer mortality among automotive wood model makers, 769
From the editor, 11
House staff = shift workers?, 1161
The ADA and you: implications for the occupational health professional, 501
To B-read or not to B-read, 885
What is a program: thoughts on definitions in work-site health promotion, 162
When air conduction is not enough and related issues: a critique of the OSHA occupational hearing conservation standard, 293
Electrical transformer, explosion, assessment of PCB blood levels after, 1079
Electromagnetic pulse, test program, mortality investigation, 287
Employee
assistance programs, reimbursement strategies (letters), 93
participation, work-site smoking clinic, 771
Employment, outcome prediction, preemployment drug screening and, 1057
Encephalopathy, toxic chemical related, neurobehavioral test batteries, 140
Enzyme-linked immunosorbent assay, role, differentiation of viral hepatitis and chemical liver injury, 930
Epidemiology, research, bias prevention, 265
Epididymitis, prevalence, industrial setting, 170
Ergonomics, characterization, repetitive motion, grocery checkers, 518
Ethylene oxide, long-term exposure, cognitive dysfunction in patient with, 1106, 1114 (commentary)
Exercise, work site-based programs, enhanced adherence, 156
Exposure monitoring, violations, OSHA inspection data, 272

F

Farm workers
epidemiology of dermatitis, 304
injuries, dairy state, 414
Fibromyalgia, as work-related injury (OM Forum), 968
Finger cooling, finger systolic blood pressure measurement after, 683
Firefighters
absenteeism during career, 1018
emergency situations, heart rate response, 797
mandatory retirement age, aerobic power measurement and, 26
Foot injury, seasonal distribution, private-sector companies, 650
Formaldehyde, lung cancer mortality, reanalysis, National Cancer Institute study, 42
Freon, accidental injection, case reports, 775

G

Grain workers, cross-sectional studies, selection bias (letters), 593
Grocery checkers
musculoskeletal discomfort, express checkstand workers, 815
repetitive trauma, ergonomic characterization, 518

H

Halon 1301, accidental discharge, health effects, 722
Hand
injury, accidental Freon injection, 775
musculoskeletal discomfort, express grocery checkers, 815
Hand-arm vibration, sixth international conference on (letter), 1208
Headache, carbon monoxide-related, warehouse workers, 12, 870 (letters)
Health care cost: *see* Medical cost
Health care workers: *see also* Occupational physicians
hexachlorophene exposure, non-Hodgkin lymphoma and (letter), 849
needle-stick injury, sharps disposal system effect, 546
injury by contaminated sharp instruments (letter), 974
nurses
antineoplastic drug handling, OSHA guidelines, 149
certified sick leave, occupational characteristics, 69
sleep deprivation effects, 1143, 1153, 1161 (editorial)

Health code, occupational, hypertext role (letters), 1121
Health promotion
workplace program
benefit-to-cost analysis, 1164
definitions of, 162
Health risk, profile, blue-collar workers, 61
Health-risk behavior, flight and nonflight personnel, 810
Health surveillance, strategy evaluation, nuclear facility, 45
Healthy worker effect, reduction strategies, 979
Hearing
aircraft noise effect, airport employees, 613
screening, audioscope, industrial setting, 539
Heart, non-inflammatory cardiopathy, occupational cobalt exposure, 620
Heart rate, emergency response, firefighters, 797
Helicopter safety, protective helmets (letters), 255
Hepatitis, viral, differentiation of chemical liver injury from, 930
Hexachlorophene, non-Hodgkin lymphoma risk (letter), 849
Hexafluorethane, accidental injection, case reports, 775
Hospital workers: *see* Health care workers
Hyamine, efficacy, treatment of hydrofluoric acid burns, pig model, 902
Hydrofluoric acid, dermal burns by, treatment efficacy, pig model, 902
Hydrogen chloride, inhalation, young adult asthmatics, 923
Hypertext, role, occupational health codes (letters), 1121

I

Immunoglobulin G, subclass antibody against trimellitic anhydride, workers with and without immunologic lung disease, 989
Industrial workers, musculoskeletal injuries, personal and job characteristics, 606
Injury
ethnographic explanation, machinery assembly plant, 993
farm workers, dairy state, 414
needle-stick, preventive effect, sharps disposal system, 546
reduction, physically demanding jobs (letter), 96
work-related, comparison, emergency department and workers' compensation data, 779
Insecticide: *see* Pesticide
Interleukin-1β, role, differentiation of viral hepatitis and chemical liver injury, 930
Iron foundry workers, mortality analysis by work area, 391

J

Joint problems, epidemiology, chemical manufacturing employees, 129

L

Lead, mild intoxication, Ca^{++}-EDTA chelation treatment, 638
Lens, computer-specific design preference, presbyopic VDT operators, 1023
Letters to the editor, 93, 254, 357, 563, 592, 681, 849, 870, 969, 1117, 1205
Lifestyle, role, respiratory symptoms, woodworkers, 788
Liver, chemical injury, differentiation of viral hepatitis from, 930
Liver enzymes, microelectronics equipment maintenance workers, 384
Lumbar support belt, low back injury prevention (OM forum), 679
Lung disease
immunologic, IgG subclass antibody against trimellitic anhydride in workers with, 989
occupational, computer-based learning program, 422
Lymphoma, non-Hodgkin, hexachlorophene exposure and (letter), 849

M

Malathion, nonoccupational poisoning, risk factors for, 38
Mammography
employer-sponsored, preliminary evaluation, 793
guidelines, adherence among working women, 1071
Manual labor, evaluation, obese individuals (OM Forum), 8
Manufacturing workers
attendance and injury clustering, ethnographic explanations, 993
medical claim and absenteeism, cost prediction, 428
Median nerve, sensory conduction, weight and body mass role, 379, 1117 (letters)
Medical cost
prediction, claims by hourly workers, 428
workplace health promotion program, 1164
work-site cholesterol screening, 642
Medical education, computer-based learning program, occupational lung disease, 422
Medical examination, abnormal results, employee notification (OM Forum), 585
Medical insurance, claims, occupational disease surveillance and, 731
Medical literature, occupational medicine, effect on general medical practice, 279
Medical records
confidentiality, ADA effect (OM Forum), 495
terminated employees (OM Forum), 249
Medical review officer, training and proficiency, job applicant drug screens, 1189
Medical surveillance, violations, OSHA inspection data, 272
Meningitis, *Streptococcus suis*, pig as healthy carrier of, 1102
Mental health, work organization and, secretaries, 708
Mesothelioma, malignant, latent period for, 718
Mexico-US Committee on Occupational and Environmental Health, first meeting (letter), 1209
Microelectronics, equipment maintenance workers, liver enzymes among, 384
Milan Automated Neurobehavioral System, toxicant effect on CNS measured by, age, sex, and education differences, 918
Military personnel, health-risk behaviors, flight and nonflight personnel, 810
Mineral assay, cobalt cardiomyopathy, case reports and literature review, 620
Mine workers, silica dust exposure, mortality study, China, 311
Mortality
brain cancer, white-collar workers (letters), 592
colon and stomach cancer, automotive wood model makers, 759, 769 (editorial)
lung cancer
epidemiology, titanium tetrachloride-exposed workers, 164
formaldehyde-exposed workers, 42
Mortality study
automotive workers, Germany, 552
Dow chemical (letter), 254
dust-exposed mine and pottery workers, China, 311
electromagnetic pulse test program, 287
iron foundry workers, 391
Motor vehicles, safety belt use, legislation impact, 715
Musculoskeletal symptoms
epidemiologic aspects, chemical manufacturing workers, 129
industrial workers, personal and job characteristics, 606
Mushroom worker's lung, clinical features and preventive measures, 1097

N

National Death Index, occupational cancer cluster assessment by, 1008
National Institute for Occupational Safety and Health, B reader certification program, 875, 879, 885 (editorial)
Neck, musculoskeletal discomfort, express grocery checkers, 815
Necrolysis, toxic epidermal, plastics worker, 135
Neurobehavioral testing, development of, research and clinical criteria, 140
Neurologic impairment, after mild lead intoxication, Ca^{++}-EDTA chelation treatment, 638
New products, 243, 325, 484, 575, 667, 860, 958, 1043, 1134, 1220
NIOSH: *see* National Institute for Occupational Safety and Health
Noise exposure, hearing effect, airport employees, 613

Nuclear facility, health event ascertainment, 45
Nurses: *see* Health care workers

O

Obesity
as risk factor, slowing of sensory conduction, median nerve, 379, 1117 (letters)
back pain prevalence (OM Forum), 8
Occupation
maternal, birth certificate versus self-administered questionnaire, 1090
role, prostate cancer risk, 402, 1206 (letters)
white-collar, brain cancer mortality (letters), 592
Occupational disability, asthma-related, assessment of, 120
Occupational health service, workers' attitudes toward, Dutch companies, 893
Occupational injury/illness
cost estimate (letters), 969
surveillance, medical insurance claims role, 731
Occupational medicine
ADA impact, 510, 501 (editorial)
literature, influence on general medicine, 279
program scope, committee report, 436
Occupational physician
determining time requirements for (OM Forum), 867
medical disagreements with treating physicians (OM Forum), 867
workers' attitudes toward, Dutch companies, 893
Occupational Safety and Health Administration
hearing conservation standards, limitations of (editorial), 293
inspection data, violation of standards, 272
Odor identification, impairment, after chronic cadmium exposure, 600
OM Forum, 5, 102, 249, 495, 585, 679, 757, 867, 968
Oncoproteins, smokers and nonsmokers, 1181
Organophosphate
cholinesterase depression and, monitoring, insecticide-exposed workers, 34
nonoccupational poisoning, risk factors, 38

P

Pacemaker, electromagnetic interference, manufacturing environment (OM Forum), 5
Painters, solvent exposure, peripheral vibratory sense deficits (letter), 362
Paint factory workers, solvent-induced platelet activation, 687
PCB: *see* Polychlorinated biphenyls
People and events, 77, 235, 317, 477, 567, 659, 740, 853, 949, 1034, 1128, 1213
Pesticide
organophosphate
cholinesterase monitoring in exposed workers, 34
nonoccupational poisoning, risk factors for, 38
P300 event-related potential, as marker for assessment of sleep deprivation, 1143, 1161 (editorial)
Pharmacist, antineoplastic drug handling, OSHA guidelines, 149
Physical examination, annual company-sponsored, legality of (letter), 977
Physical fitness
assessment, physically demanding jobs (letter), 96
work site-based programs, enhanced adherence, 156
Plastics worker, toxic epidermal necrolysis, 135
Platelet, activation, solvent-induced, paint factory workers, 687
Pneumoconiosis
chest radiograph interpretation, NIOSH-certified B readers for, 875, 879, 885 (editorial)
diagnostic accuracy (letter), 1205
disability evaluation, arterial blood gas analysis role, coal miner, 410
Polychlorinated biphenyls, blood levels, assessment, after electrical transformer explosion, 1079
Pottery workers, silica dust exposure, mortality study, China, 311
Power tools, portable, electrocutions by, 887
Pregnancy, occupation during, birth certificate versus self-administered questionnaire, 1090
Propane-fueled forklift, warehouse workers' headache, 12, 870 (letters)
Prostate cancer: *see* Cancer
Psychotherapy, comparison, passage of time (letters), 93

R

Radiograph, classification, NIOSH B reader certification program, 875, 879, 885 (editorial)
Radioimmunassay, role, differentiation of viral hepatitis and chemical liver injury, 930
Radon, residential exposure, ACOEM position statement, 1028
Raynaud's phenomenon, diagnosis, finger systolic blood pressure measurements, 683
Rendering plant workers, *Streptococcus suis* meningitis, 1102
Respiratory symptoms, wood dust exposure, lifestyle variables and, woodworkers, 788
Retirement, mandatory, aerobic power measurement and, firefighters, 26
Rosacea, VDT-associated, psychophysiological study, 698

S

Safety belt, legislation impact, working population, 715
Scleroderma
occupationally induced, 20
trichloroethane and (OM Forum), 5
Selected reviews from the literature, 9, 105, 251, 348, 498, 589, 753, 868, 965, 1053, 1139
Shoulder, musculoskeletal discomfort, express grocery checkers, 815
Sick building syndrome, medical evaluation, 1197
Sick leave, certified, occupational characteristics, nurses, 69
Sign language interpreters, upper extremity cumulative trauma, biomechanical factors, 257
Silica
exposure, Taconite miners, 1173
scleroderma and collagen disease associated with, 20
Silica dust, mortality among exposed workers, China, 311
Skin disease, risk factors, California farm workers, 304
Sleep deprivation
assessment by P300 event-related potential, 1143, 1161 (editorial)
house staff performance and, 1153, 1161 (editorial)
Smoking
effect of workplace smoking restrictions, 693
oncogene products and cytogenetic parameters related to, comparison with nonsmoking population, 1181
quantity, influencing factors, 934
Smoking cessation, participation rates, incentive for improvement of, 771
Solvent, organic, blood platelet activation and, 687
Spine: *see* Back
Spirometry, occupational setting, committee report, 559
Stomach cancer: *see* Cancer
Stress
psychosocial, role, VDT-associated skin problems, 698
role, workers compensation stress claims, 297
Styrene exposure, acquired dyschromatopsia, testing procedure (letter), 563
Systemic sclerosis: *see* Scleroderma

T

Taconite workers, exposure to silica and non-asbestiform amphiboles, updated study, 1173
Textile workers, epididymitis prevalence, 170
Titanium tetrachloride, lung cancer mortality, epidemiologic study, 164
Tobacco smoking: *see* Smoking
Toxic chemicals, neuropsychological testing, research and clinical criteria for development of, 140
Toxic epidermal necrolysis: *see* Necrolysis
Trauma
cumulative, upper extremity, sign language

interpreters, 257
repetitive, ergonomic characterization, 518
Trichloroethane, connective tissue disorders and (OM Forum), 5
Trimellitic anhydride, IgG subclass antibody against, workers with immunologic lung disease, 989
Tumor registry, occupational cancer cluster assessment by, 1008

U

Upper extremity, cumulative trauma disorders, sign language interpreters, 257

V

Vaccine programs, cost-benefit analysis (letters), 357
Vaccinia, immunization, pros and cons (OM Forum), 757
VDT: *see* Video display terminal
Vibration
hand-arm
scleroderma associated with, 20
sixth international conference on (letter), 1208
syndrome, finger systolic blood pressure measurement, 683
thresholds, painters and boilermakers (letter), 362
Video display terminal
computer-specific spectacle lens design preference, presbyopic subjects, 1023
skin complaints associated with, psychophysiological study, 698

W

Warehouse worker, carbon monoxide poisoning, propane-fueled forklifts, 12, 870 (letters)
Woodworkers
colon and stomach cancer mortality, automotive industry, 759, 769 (editorial)
wood dust exposure, lifestyle variables, and respiratory symptoms, 788
Work constraint, mental health and, secretaries, 708
Workers'compensation
library-based information service (letter), 975
stress claims, stress role, 297
work-related injuries according to, comparison, emergency department data, 779
Work history, self-reported, validity of, 940
Work injury, mental and psychosomatic, Sweden, 726
Work load, certified sick leave and, nurses, 69
Workplace
abysmal conditions (letter), 592
Bell's palsy cluster, etiologic hypotheses, 1064
cholesterol screening, cost-effectiveness, 642
smoking cessation, improving recruitment rates, 771
smoking restrictions, reduced cigarette consumption and, 693
wellness programming, core technology of, 627

Z

Zephiran, efficacy, treatment of hydrofluoric acid burns, pig model, 902
